

Call for Applications

The Scientific Council of the Faculty of Pharmacy of the University of Lisbon, under the proposal of the Scientific Committee of the Master Programme in Biopharmaceutical Sciences, publishes the 2022/2023 Call for Applications:

Master Programme in Biopharmaceutical Sciences 2022/2023

The 2-year Master Course in Biopharmaceutical Sciences is organized in 4 semesters.

This Course enlarges the classical concept of biopharmaceutical sciences by providing scientific, multidisciplinary background on the discovery phase of the drug development process, at advanced level. The programme includes the study of molecular mechanisms of disease, potential therapeutic targets and therapeutic strategies, while motivating students to equate and solve problems. Aimed at preparing creative and independent investigators and knowledgeable professionals, the Course will encourage the debate of recent topics and the use of advanced experimental technologies. These objectives will further engage the contribution of professors and investigators from other institutions, pharmaceutical industry, and biotechs.

In this openness perspective, the student will have the option to obtain credits in other related scientific areas within the University of Lisbon, not restricted to the Faculty of Pharmacy, although with complementary interests. The Course will benefit from the close collaboration with the FCT R&D unit Research Institute for Medicines (iMed.Ulisboa), at Faculty of Pharmacy, University of Lisbon.

Coordinator: Professor Cecília M. P. Rodrigues
