

Call for Applicants

The Scientific Council of the Faculty of Pharmacy of the University of Lisbon, under the proposal of the Scientific Committee of the Master Programme in Advanced Cosmetology, publishes the 2022/2023 Call for Applications:

Master Programme in Advanced Cosmetology 2022/2023

The Master in Advanced Cosmetology has the duration of two lective years, organized in 4 semesters and its focus is the training of specialists in cosmetics.

The Master Programme in Advanced Cosmetology (MCA) covers a general view of cosmetics, from regulation aspects to the development, production, control and counseling for all categories of these products. It is a sector of high economical value and high technical-scientific and regulatory complexity, which involves researchers, manufacturers, users and regulatory entities, and with an important role in the healthcare.

The MCA objective is to prepare students for the skills demanded by the society: teamwork, selection knowledge, relate and summarize information, critical and initiative skills in problem solving. Thus, the learning allows diversifying and adapting strategies, putting the students in cognitive contexts appropriate for the proposed objectives.

The courses will be taught in a blended learning (b-learning) regime, with the theoretical and theoretical-practical components being implemented in the LMS of FFUL (Moodle), and the presential component will be taught in the labs of the FFUL.

Course Coordinator: Professor Helena Margarida Ribeiro and Professor Joana Marques Marto.
